WELCOME TO FIFTY TO INFINITY

LUXURY RUGS IN ANY SIZE AND SHAPE

When selecting a finely made rug, your choice of color and design conveys a unique sense of context to your personal decorating style, transforming any room into an enchanting portrait of elegance. Color and design are important elements, but of equal importance is size. To truly make a statement, the rug must be sized to your living space.

With more than three decades of expertise in producing incomparable luxury carpets for the sophisticated home, Nourison brings you their newest program – Fifty to Infinity. A unique offering of high fashion rug collections, each unrivaled for exquisite design, meticulous craftsmanship, and quality... all custom sized to your needs.

All of the styles in this book are available in an unprecedented fifty area rug sizes and shapes. Choose from squares, rounds, rectangles, octagons and runners, accent sized to oversized. Need something truly unique? Custom sizes are available as well. Once your selection is made, your rug will be custom cut, serged and finished to your size specifications, all within two weeks of your order.

For the discriminating consumer, this book presents an unparalleled design resource for today's uptrend lifestyle. In these exceptional collections, you will find the perfect pattern and colorway to enrich and enliven any fashion environment. In each distinctive design, you will discover a flawless interplay of select luxury materials and sophisticated production techniques such as sumptuous New Zealand wool for incomparably lavish texture and luminous sheen, custom-spun and dyed yarns to create subtle accents of light and shade, hand carving and sculpting that endow a design with surpassing dimensional appeal and meticulous hand washing to impart the delicate patina that is the signature of the world's finest carpets.

This brilliant array of sizes, styles, luxurious materials, and unparalleled craftsmanship allow for creative coordination in one room or multiple rooms to create a truly custom look for your home.

The Fifty to Infinity Collection from Nourison. Begin the Journey.

Why is a Rug Pad *Essential* for Every Rug in the Home?

Nourison Rug Loc rug pads provide your custom area rug with exceptional stability and support that are vital in extending the life of your rug. Using a rug pad helps protect the rug from premature wear and moisture, while also providing additional cushioning and insulation that helps reduce sound levels in your home. Rug Loc’s superior thickness is ideal for tile and uneven surfaces, and it will help reduce rug puckering under furniture. Rug Loc is reversible and can be used both with hard surfaces and carpeting. Use with the needle-punched fabric down while on carpet, and with the textured waffle backing when on wood, tile, and other hard surfaces. The needle-punched fabric and textured waffle backing provides improved gripping power that will keep your rug in place.

RUG LOC FEATURES

- 10-year guarantee
- Non-slip safety
- Comfort cushioning
- Sound proofing
- Flame retardant/moth proof
- 100% recycled fibers
- Safe on hard surface or carpet
- Indoor and outdoor use
- Easy to clean
- Green Label Plus™ Certified

*with proper care

Keep your Nourison custom rug looking it's best by adding Nouri-Guard™ fiber protectant.

Nouri-Guard™ bonds to each fiber forming a protective barrier which helps block stains from penetrating the fiber. Nouri-Guard™ helps to repel oil and water based stains, most food stains, most beverages and dirt while maintaining the original look, color and feel of the fabric. The added layer of this state-of-the-art polymer protection allows for much easier stain removal and cleaning of your rug.

- Non-Toxic
- Non-Flammable
- Hypo-Allergenic
- Safe For Use Around Children & Pets

Figure A shows what carpet looks like immediately following a spill. Figure B shows the same area immediately after the spill has been gently blotted with a clean cloth.

BEFORE

AFTER

CLEANING SPILLS

Spills should be attended to immediately.

Fold several paper towels and place them over the site of the spill and allow them to absorb the liquid. Do not rub the spill site.

Continue this process until all of the liquid has been absorbed. Once absorbed, gently blot the area with a clean, white cloth. Do not aggressively rub the area or you may damage the fibers.
