Nourison™

Timeless Design for the Modern Age

In 1980, we founded Nourison with the vision of creating a wholesale business based on wide selection and timely delivery for our dealers and resellers. Since that time, the company has grown into a leading global floor covering company that produces extensive collections of area rugs, broadloom carpet, and home accessories at multiple price points from low to mid-market to luxury.

Our emphasis on creating value for our network of dealers is combined with a desire to merge the best traditional craftsmanship with state-of-the-art production techniques in order to provide beautiful products to a wide range of customers while staying at the forefront of interior design trends. That focus has allowed us to build an impressive inventory of quality rugs, carpets, and interior accessories. As a result, we have become a valuable partner in the home furnishing and hospitality industries.

Today, our quality carpets and rugs grace boutique and grand-scale properties as well as thousands of residences across the globe. Our product assortment includes licensed collections from well-known brands such as Calvin Klein, Kathy Ireland, Waverly, Barclay Butera, Peanuts, and more.

Through all this, we remain a family business that values and cultivates relationships with our partners and customers. We haven't forgotten that much of our success is due to the large network of dealers and resellers who have promoted our products to an ever-growing customer base. It is this extended family that helps drive our business and challenge us to continually improve and innovate.

So thank you for all your support. We invite you to browse our catalog, and know that these beautiful collections wouldn't have been possible without your support.
